Ms. Wheelchair Kansas, Inc. is an entity of the network of states that make up the Ms. Wheelchair America organization. Ms. Wheelchair America has been celebrating women of achievement since 1972 and has crowned 47 national titleholders. A Columbus, Ohio physician, Dr. Philip K. Wood, established Ms. Wheelchair America as a forum for the promotion of the achievements, as well as the needs, of people who are wheelchair mobile. Approximately 30 states have joined in to create programs ever since. For more information, visit the MWA website at www.mswheelchairamerica.org.

The Program

The MWKS program is **not a beauty contest**, but rather a competition to select the most articulate, accomplished delegate who will serve as a spokesperson and role model for people with disabilities in Kansas. This woman of achievement will have various opportunities to be heard in the community and will interact with people of all ages. She will serve as an advocate and will share her chosen platform with groups throughout the state.

The Event

The competition itself is a three-day event that culminates at the crowning ceremony. Contestants are scored based on their accomplishments, self-perception, communication, and projection skills. They participate in personal interview sessions, a platform speech presentation, an on stage interview, and other breakout sessions. This event is not only a competition, but also an opportunity to network and connect with other dynamic women with disabilities in Kansas.
